Remarks by Grosvenor and Cooper During the Debate on a Measure That Was Passed Over a Veto.

PRIVATE BILL DAY IN HOUSE

PENSIONS GRANTED SURVIVORS OF GRANT'S ARKANSAS BATTALION.

Pacific Cable Bills Discussed by the House Committee on Interstate and Foreign Commerce.

WASHINGTON, Jan. 23 .- This was private bill day in the House and the most of the time was consumed with small bills. The bill to provide for holding terms of the United States Court for the Eastern district of Texas at the town of Beaumont was passed over the President's veto by a vote of 144 to 68. Incidental to the discussion, Mr. Cooper, of Texas, declared that the President vetoed the bar through a misapprehension and that he had vainly tried to get an audience with Mr. Cleveland to explain the measure. Mr. Grosvenor, of Ohlo, spoke sarcasticany of the President's custom of refusing to see Congressmen unless his private secretary approved of their errands. Some minor bills were passed. After the night pension session the House adjourned until Monday.

He explained the necessities which existed for the enactment of the some humiliation, that he had several dent might raise, but he had been denied admission to Mr. Cleveland. On the occasion of Eis last visit he said he had been informed by Private Secretary Thurber that would be useiess for him to see the President, as Mr. Cleveland had already

made up his mind to veto the bill.

Mr. Cooper's remarks about his inability to get access to Mr. Cleveland drew from Mr. Grosvenor a half humorous, half sarcastic commentary on the obstacles which nedged the White House. Mr. Grosvenor said that it surprised him to hear that at any time within the past three years any self-respecting representative of a respect able constituency would even make application at the White House. Three years ago the present occupant of the White House been represented as having issued an order that no senator or representative should present himself in person until he had bowed at the seat of the private secretary and communicated to that august personage his derires and received the sanction of that person, Mr. Grosvenor recalled the fact that when that order was issued one of the representatives of an Ohio constituency swore he would never again seek to see the President of the United States, "And he never did," continued Mr. Grosvenor. "And I destre to say that my constituency never commmissioned me to per-It now appears that the President has made a mistake. It is unfortunate that he excludes members of Congress and fences himself about with a skirmish line of such moderate capacity. 1 m sorry these remarks are made too late to do any good. They should have been made several years ago. "Do you think the next occupant of the White House will do better?" asked Mr. Dalzell, quizzically

"I can't speak for the next administration," replied Mr. Grosvenor, smiling, "I will an administration refuse ready access to the representatives of the people. The people are greater man any executive. The vote was then taken. Two-thirds hav-

Green Clay Smith, of Vashington, \$50 a month: bills pensioning Isabella Morrow, the widow of Colonel Morrow, at \$75; the widow of Gen. George J. Leet, at \$25, were passed, and, at 5 o'clock, the House took a recess until 8 p. m. At the night session of the House, Mr.

Thomas, (Republican) of Michigan, who is acting chairman of the invalid pension committee in the absence of Chairman Pickler. did not press the usual motion to go into committee of the whole lest the point of no quorum would be made and all further proceedings stopped. Some of the bills favorably acted upon by the committee of the whole last Friday were considered, however, and, after considerable difficulty, eleven were passed.

THE PACIFIC CABLE.

Argument of James A. Serymser Before the House Committee.

WASHINGTON, Jan. 22.-James

Serymser and Edmund L. Bayliss were beforeign commerce to-day in the interest of the Pacific Cable Company, of New York. They both argued on the merits of the New Jersey company. Mr. Scrymser stated that his company would want eighteen months after the passage of the bill to complete the cable to Hawaii, and one year more to complete it to Japan. He stated that in case of war with England cable communication with Europe would be cut. Mr. Patterson, of Tennessee, said that it had been charged that the Scrymser company was in sympathy or had connection with England and English interests. Mr. Scrymser said that, of course, his

company would expect to do English business, and Mr. Patterson said that there should be inserted in the bill a provision that the cable company should not come under British influence. Mr. Scrymser referred to the statement that Japan wanted no other cable connec-tion as ridiculous. He said the assertion

of Mr. Swayne before the committee to that effect was absurd. He also said that Chinese and Japanese telegraph companies were dependent on and controlled by Russian lines. The Spalding company, he said, would build to Hawaii and stop. His line to Japan would save the people of that country more than \$1,000,000 in tolls, and it was ridiculous to say that the Japanese wanted no cable. "The Japanese," he said, "are flocking into Hawaii now. This country is going to have a contest with the Japanese or some other power to control Hawall. It is necessary to have a cable line there as soon as possible." Mr. Scrymser did not like the idea of leaving the matter of contract with the postmaster general. The present postmaster general will not have time to act, and we do not know who the next postmaster general is or what he will do." The discussion among members er, Herman Schultz, and he left for Pitts-of the committee developed that there is burg. As soon as he was gone she repentyet a wide difference of opinion on the subject of the cable.

WASHINTON, Jan. 23.-Secretary, Francis issued an order to-day directing that all claimants to citizenship in the five civilized tribes of Indian Territory whose applications were rejected by the Dawes commission and who failed to appeal to the United States Courts within sixty days of rejection and all noncitizens who did not apply for citizenship and who are now occupying lands belonging to the five tribes shall vacate these lands of the tribes by Feb. 6 next. This action affects a host of people throughout the Territory, many of whom are preparing to plant and grow crops, and is mainly directed against the Cherokee intruders.

Rules Committee Relents.

WASHINGTON, Jan. 22.- The rules committee of the House has not announced a conclusion with regard to the petition for a day for the consideration of public building bills, but it was reported this evening that it will give a day or more next week or the week following. The committee does not care to face the humiliation of being overridden by a rebellious House. It bows in preference to being run over.

Murphy, who ar-Volunteers who served in the Mexican war | rived here from the West a couple of days ago, was trained rather fine, and when he stripped to-night the general impression was that he would never be able to go the stipulated distance of twenty rounds. Dixon, on the contrary, never looked in better fettle, and he was made a pronounced favorite, his friends backing him liberally at odds of 2 to 1 cn. During the first half of the fight Murphy, held his own. Whenever Dixon would lead with the left Murphy invariably swung his right on the back of the head, and also sent home some good body blows, but at all times he judged distances very poorly. Dixon's double blows with the left puzzled Murphy very much, and the colored boy it a half dozen times during the contest. From the fourth round to the end of the fight Murphy grew visibly weaker, but Dixon showed no effects from Murphy' blows, and at the opening of the sixth round was by far the fresher man. The blow which knocked Murphy out was a peculiar one. It was a left swing, combined with a kind of upper cut, and the butt of Dixon's left hand caught Murphy in the pit of the stomach. It doubled Billy up, and he fell on his hands and knees to the floor, where he groped about hopelessly until he was counted out. In a preliminary bout, Paddy Fenton, of Boston, knocked out Frank O'Neill, colored, of Chicago, in the seventh round. Fenton forced the fighting from beginning to end.

Race Plungers Out \$206,500. SAN FRANCISCO, Jan. 22.-Such a disastrous season as that which the heavy bettors are experiencing here is unprecedented in the history of racing in California. With but three exceptions, the noted plungers now wintering on the coast are many thousands of dollars behind. The exceptions are George Wheelock, Eddy Games and Joe Ullman, who are about even or somewhat ahead of the racing game at present. Among the principal losses so far recorded are the following: Riley Grannan and Ed Purser, \$20,000 each; John Coleman and George Rose, \$20 000 each; Hugh Jones and Abe Stein, \$16,000 each; Henry Harris, \$15,000; Coley Ullman, \$12,000; Will Wallace, Charles Quinn and Barney Schrieber, \$10,000 each; Eddie Maloney, \$8,500; Dave Gideon and Fred Cowan, \$5,000; Ed Wallace and John Humphreys, \$2,500 each; total, \$206,500.

One Stabbed, the Other Shot. SHREVEPORT, La., Jan. 22.-A double tragedy occurred this morning. One man is dead and the other so badly wounded that he cannot recover. Rainey E. Carter and S. M. Murphy had an altercation at 2:30 o'clock this morning and Murphy drew a dirk and stabbed Carter three times, mortally wounding him. Carter fired at Murphy, killing him instantly. Both men are well known in this city.

SPANISH BARBARITY. Senora Miguel's Account of Outrages and Murders by Weyler's Guerrillas. TAMPA. Fla., Jan. 22.-Senora Maria l'eresa Miguel, who has come here from Cuba, having been forced to leave her nome near Artemisa, tells a story of great suffering and barbarous treatment at the hands of the Spaniards. She and her husband, with a family of five-two boys and three girls, lived ten miles from Artemisa. They had a plantation of four hundred acres and employed more than one hundred hands on the place. General Weyler's first order scared all the white men off. Almost daily bands of Spanish troopers would stop there, insulting the family, taking what pleased in food, provisions, clothing, Miguel's little boy resented the thefts. Shortly afterwards he was shot dead near plaint was made to the commandant at Artemisa, but he refused to entertain it. Other raids were made and one day her husband was killed before Senora Miguel's yes as he resented an insult to her. Two of the daughters were caught away from the house and ill treated by the Spanish troops. Then the other boy was shot while attempting to prevent the soldiers from taking his pet pony. All of the women servants were abducted one night three weeks ago and the house was fired. Senora Miguel and her daughters then

started for Havana. They managed to get on a sail boat, but were chased by Spanish being wounded in the arm. After being on he water three days they were transferred to a fishing vessel and when near Key West brought them here. Senora Miguel says the Spanish guerrillas kill all pacificos caught two miles beyond the city limits, burn nouses and kill all the cattle they cannot ake with them. She names more than hirty pacificos, men and women, she knows

have been killed since Christmas. Women are ill treated wherever found, she says, and the Spanish officers are worse in this respect than their men.

Not Gone to Cuba for McKinley. CANTON, O., Jan. 22.-The Associated Press made inquiries in Alliance this evening concerning State Senator Silas W. Williams, whose home is in that city and who was reported as studying the Cuban situation on the island in President-elect Mc-Kinley's interest. It was learned that Mr. Williams is traveling in the South, seeking to recuperate his health. A letter received from him this morning was dated New Orleans and said he would shortly go to Florida, but made no mention of an intention to go to Cuba. His Alliance friends have no knowledge of his being in Cuba, and here in Canton the clory that he has gone to the island on behalf of Mr. McKinley is entirely discredited.

He bought a great deal of land in this city in the early days of its improvement, and some of the best of it he still holds,
